THE SERIES

Each round of the 2021* Hartwell Motorcycle Club Championship is a two day meeting, with practice, qualifying and racing on Saturday on Sunday Greg Bailey Mem. then racing. There will be 4 championship point scoring races at Broadford and Mac Park and 3 at Phillip Island for each class over the weekend, time permitting. See 'Race Format' below for more details.

The Mt Gambier round is an Interclub, so members of Hartwell MCC and Mt Gambier can compete and be eligible for race trophies but only Hartwell members will be eligible for points trophies at the end of the weekend. The other three Club Rounds are for financial members of Hartwell ONLY.

Gates open at 7am at each round, Sign-on and scrutineering starts at 7.15am and practice/racing starts 9am both days. **8.30am start on Sunday at Mt Gambier.**

PRACTICE DAYS

Most tracks hold a practice day on the Friday before, check directly with the track involved for details and costs. It is up to the individual rider to make themselves aware of the level of first aid being offered at practice & race days, if you are not satisfied with this, it is your personal decision to ride or withdraw. We as a club take first aid seriously and provide what we feel is a very high standard of care for our riders during the race weekend.

ENTRIES

All current full financial members of Hartwell are eligible to compete; for Sidecars –only either the Rider or the Passenger have to be a full financial Hartwell member.

Entry forms are available from the website or available upon request from the office or at times may be available from the race meeting prior. NOT

receiving an entry form is NOT an excuse for a late entry. Failure to enter by the closing date does not necessarily mean that you can turn up on the day and expect to enter and ride, as we have to pre-order timing transmitters. If we don't have one available for you, you will not be permitted to race.

The expected price range for entry fees (received by the nominated date - generally a week prior to the meeting) is approximately from \$260 to \$350 per meeting, garage hire is extra. Enter by post, email or fax. There is no charge for cross entry but there is an extra charge if you have an extra bike, @ \$20 per bike to cover extra transmitter hire. It is much easier to work out the program when we know who and how many have entered. The difficulty is people who show up on the day, when everyone is already stressed, and want to join, enter, need a one meeting license and timing transmitter! NB: The Club Phone AND Fax no. is (03) 9729 7729 or email: info@hartwellmcc.org or visit our website for updates and garage allocations (which are usually posted the Tuesday prior to the event), www.hartwellmcc.org. The race secretary will be at the track on Friday, so don't leave a message on the work line as it will not be received until the following Monday. Send an email.

Payment of Hartwell memberships and entry fees can be made by credit card, cheque or direct debit. (Bendigo Bank BSB 633 000 A/C 117378729 please use surname as a reference then email office of transaction.

CROSS ENTRY

Cross entries will be accepted for 2021 at no extra charge provided your bike is eligible for multiple classes, they will be allocated in order of preference that you have indicated according to your entry form. You may not always be able to cross enter into multiple classes should that classes grid be full.

RACE LICENCES

Race licenses expire 12 months from the date of issue, make sure **BEFORE** you enter a meeting that your licence is current and you have paid your 2021 Hartwell membership. All Hartwell memberships

are due on January 1 each year. As a financial member you can compete at Club rounds with a Senior National licence or by purchasing a one meeting licence from the Club. You must present your race licence at sign in at race meetings, **a copy or picture can only be accepted by authorisation or discretion of the Race Secretary or the Steward of the meeting.**

CLUB GRADING

Historic, Sidecar, Pre-modern, Thunderbike/SuperMoto RR / SuperMono and Bucket riders do not need to put down a grade as they race in their own classes. Modern riders will be graded Novice, Non-Expert or Expert based on their experience. If you are a first timer you will most likely be a Novice. Novices are riders with limited or no competition experience, typically less than a year. Non-Experts are competitors of some experience, good placing at Novice level or evident skill. Expert riders are experienced C plus A & B Grade riders.

TIMING

This series uses Computime Race Timing Systems in conjunction with MyLaps (red) Tranx260 electronic transponders for all Practice, Qualifying & Race timing.

Transponders must be collected and fitted to your machine prior to scrutineering. Failure to have a transponder fitted will result in being black-flagged from the session or no times being recorded. Transmitter mounting brackets are available to purchase for \$10 cash or card.

A \$50 security deposit is required, **per bike**, when picking up your timing transmitter. This is refunded at the end of the meeting when you return your timing transmitter following your final race in a good un-damaged state. This deposit can be in the form of Cash, Cheque or Credit card. Should you fail to return your Transmitter at the end of the meeting you forfeit your security deposit. Failure to return the timing transmitter (Via post or some other way) within the following business week, or the loss/damage of the transmitter will result in you being invoiced for the cost of a replacement

transmitter (Approx. \$650). If you pay your entry fees by credit card, you can elect to use this number for your transponder deposit without filling in a new credit card form.

*For copies of all results visit:
www.computime.com.au*

BIKE PREPARATION / SCRUTINEERING

Specific rules for each class can be found in the General Competition Rules, please familiarise yourself with these. If in any doubt about requirements for preparing your bike contact the Club. Some of the common rules are: All plugs or caps which can release fluid must be secured by lock wiring. Coolant, which uses ethyl-glycol, is extremely slippery on the track and therefore dangerous and must be drained, flushed out and replaced. Please Note GCR's Paragraph '8.17.1.12' "The only liquid coolants permitted are water and **non-glycol** coolants. Glycol and coolants manufactured with glycol are not allowed.

Note, Hartwell recognise and will adhere to rules formulated by Formula 400 riders. Also, note Hartwell recognise and adhere to rules formulated by Bucket riders (these rules can be found on the Hartwell website).

All road-based bikes must have lights, mirrors, stands, horns removed and no sharp edges must remain. Plugs or caps, which, if removed, permit the discharge of any lubricating, cooling or hydraulic fluids, must be wire-locked or otherwise secured in the tightened position in a manner approved by the Scrutineer or stated in the GCR's. All solo machines with a fairing (except machines competing solely in historic events) must incorporate a catch pan moulded into the fairing or a separate catch pan capable of holding 2.5 litres (2 stroke machines) or 3 litres (4 stroke machines) in the event of a fluid spill. **With no less than 2 holes with rubber bungs**, each of 25mm, these bungs may only be removed in wet race conditions or according to latest in the GCR regulations. The Clerk of Course will announce if the race is declared wet and if so, you may only then remove your bungs. A chain guard made of a suitable material must be fitted in such a way to prevent trapping between the lower drive chain run

and the final drive sprocket at the rear wheel. All lateral covers/engine cases containing oil and which could be in contact with the ground during a crash, must be protected by a second cover made from composite materials, type carbon or Kevlar, or be fitted with heavy duty crash resistant end cases made from solid metal. Plates and or bars from aluminium or steel are also permitted. All these devices must be designed to be resistant against sudden shocks and must be fixed properly and securely. Bonding alone is not a suitable method of mounting.

Steel valve caps are a requirement of the Hartwell Motorcycle Club.

All wheel weights must be taped

Helmets exceeding 10 years of age from date of manufacture will not be accepted at scrutineering. No fittings are allowed to be attached to a helmet unless integrated into the helmet by design of the manufacturer.

On presenting yourself for scrutineering, be prepared! Remove lower fairings; wear your race gear, carrying your helmet and gloves with you. If you turn up unprepared you will be turned away! Scrutineering should be a quick process and if all riders do the correct thing the wait in the queue will be minimal.

Please familiarise yourself with all rules in the current GCR's, particularly noting any sections in bold print, which indicate a new rule for that particular year.

ON BOARD CAMERAS

All on-board cameras must be secured in a fashion approved by Scrutineer or Clerk of Course prior to entering the track. All footage must be surrendered, upon request of Clerk of Course. Helmet cameras/any attachments are not permitted unless the camera/attachments are integrated into the helmet, by design of the manufacturer.

RACE NUMBERS

When you enter, put down your preferred racing number. If we change your number we try to keep

the change simple, e.g. 17 to 17A. Riders whose numbers are to be changed will be phoned during the week before the meeting. All number plates on all road race machines MUST comply with GCR's 8.11.2.1 alternatively SuperMoto RR Machines may comply with GCR's as the SuperMoto discipline.

GRIDDING

Gridding will be from electronic timing. Your grid position will be based on your qualifying on Saturday morning. If you do not qualify you will be starting from the rear of the grid, however the Clerk of Course may allocate starting grid positions. Your grid position will be final and will remain the same for the balance of the weekend. In the event of a timing failure the gridding will be at the Clerk of Courses discretion.

POINTS

Points for the 2021 Hartwell Motorcycle Club Championship series will be allocated from point scoring races in the order following:

Pos.	Points						
1	25	6	15	11	10	16	5
2	20	7	14	12	9	17	4
3	18	8	13	13	8	18	3
4	17	9	12	14	7	19	2
5	16	10	11	15	6	20	1

The Greg Bailey feature race qualifying also attracts 1 Pole position point to the fastest qualifier.

TROPHIES

There will be trophies given for each race (1st, 2nd & 3rd placing's). In events that races have multiple classes (e.g. over 600 Non-Expert/Expert); trophies & points will be allocated in the finishing order for each class (600 Non-Expert & 600 Expert). After each point scoring race, points are awarded in accordance with the 'points' heading above, and the top three points scorers for the round receive a round championship trophy at the end of the weekend.

A Best Presented (combination) Bike & Rider Trophy will be awarded at each round & an overall Trophy presented at the end of the year.

CHEAPER ENTRY FEES

Club Workers pay cheaper entry fees. You can help out by either working at a meeting if you're not riding by flagging, start-line duties etc. OR help before a meeting - If you can help let us know and you'll save \$20 on entry fees at each club round for the year.

OFFICIALS/VOLUNTEERS/COMPETITORS/SUPPORT PERSONS

Once again, our crew of Officials (Start Line, Pit Office etc.) will be there, ably assisted by Race Marshals Victoria and our medical team.

All persons entering a Hartwell permitted event are entering a work site and therefore **must wear enclosed footwear at all times during the event.** All persons must have a '0' alcohol reading during event hours. Area includes whole of pit area, pit lane, surrounding areas including car parking areas.

All persons mentioned above are not permitted to use wheeled transport of any kind e.g. Pushbikes, scooters etc., other than registered vehicles. Penalties will be applied.

SUPPORT PERSONS

Any support person/family/friend/guest who enters a licensed venue or who otherwise participates (in whatever manner and actively or passively) in a competition under these GCRs is bound by these GCRs and any supplementary regulations in force for that competition. The rider will bear the responsibility for their support person for any rule indiscretion. Please make sure that your guests understand these rules and that you the rider is responsible

GARAGE BOOKINGS

Broadford, Phillip Island and Mac Park will be allocated in a first come first served basis, **no pre-booking** and an entry form must be completed to secure a garage, one garage per entry form. All consideration is given to requests of garage allocations but no guarantees.

RACE FORMAT* - GUIDE ONLY

Buckets, Historic Classes, Supersport, Premodern / P7, Formula 400, George Carrick (125GP, Moto3, 250GP), Thunderbike, SuperMoto (Rnds 1, 3 & 5 only)/ SuperMono & Juniors will receive: **SAT: Practice** (approx. 6 Min), **Qualifying** (Approx. 10 Min), **2 x Championship Races** (Approx. 4 Laps). **SUN: Greg Bailey Mem. Qualifying, 1 x Championship Race** (Approx. 7 Laps), **1 x Championship race** (Approx. 9 Laps).

600 & Over 600 Classes will receive: **SAT: Qualifying** (Approx. 10 Min), **2 x Championship Races** (Approx. 6 Laps). **SUN: 1 x Championship Race** (Approx. 7 laps), **1 Championship race** (Approx. 9 Laps).

Greg Bailey Feature Race (Expert & Selected Non-Expert) **SUN: Qualifying** (Approx. 15Mins) **SUN: Race** (20 Minutes + 1 Lap). Qualifying if time permitting, should there fail to be time for qualifying, grids shall be determined based on combined qualifying times from Saturday Morning. (*Subject to change – The amount of laps may vary depending on track.)

The SuperMoto championship will only be held over the 2 Broadford rounds. We will incorporate the dirt section providing an approved licence has been granted and weather and track conditions are favourable. If weather and track conditions are not favourable, we will use the short bitumen track only. A minimum of 6 competitors is required for this class.

CLASSES

We are attempting to be fair to not only to those in the numerically smaller classes, but also those who make up the majority of entries.

- Machines eligible to compete as Buckets will not be accepted for any other class.
- Historic classes (P3, P4, P5 & P6 only) will compete together in one series of races or will be combined with a compatible class. Usually there are insufficient entries to justify separate events for periods 3, 4, 5 & 6. All historic machines must have a valid logbook - No logbook = no points.

- Any class where there are low entries per round is likely to be combined into races with another; consistent with safety and the rules (i.e. we can't combine sidecars and solos), Points however are still awarded separately.

POINT SCORING CLASSES

- Over 600 Expert
- Over 600 Non-Expert
- Over 600 Novice
- Clint Farr Memorial (600 Expert)*
- 600 Non-Expert*
- 600 Novice*
 - * Includes models eligible for MA Supersport, (e.g. Triumph 675, Ducati 748.)
- George Carrick (125GP, Moto3 & 250GP) Trophies awarded: Overall, 1st, 2nd, 3rd. 1st 125GP and 1st Moto3.
- 300 Supersport (up to 390cc Road based machines – As per homologated models – roughly based on ASBK production models) Trophies awarded: Overall: 1st, 2nd, 3rd. 250 Production: 1st.
- Formula 400
 - Novice, Non Expert & Expert (See Formula 400 Class description on website.)
- Juniors 70, Juniors 85, Juniors 160
- Pre-Modern (2001 – June 2007)
- P7 - (1991 to 2000) - compliance plate date used. Split in "up to 500" and "Over 500".
- Historic P3 - (1946 to 1962), Classic
- Historic P4 - (1963 to 1972), Post Classic
- Historic P5 - (1973 to 1982), Forgotten Era,
- Historic P6 - (1983 to 1990), New Era,
- (all Historic classes must have log books)
- Thunderbike - 2 or 3 cylinder 4 stroke. **(600cc and over)**
- SuperMoto RR (2 Broadford rounds only)
- SuperMono– *Single cylinder 4 stroke, above 200cc and above, non GP based bikes.*
- Buckets - *See Bucket Class description guide on website.*
- Greg Bailey Feature (Experts & Selected NE) -*must be noted on entry form.* **(600cc and Over, selected novices 600cc and over may**

be given the opportunity to run in the Bailey Race.)

- ***Our second feature race is the Hartwell Lightweights (Up to 500cc) held as a 15min plus one lap***
- Sidecar
- **Twin Sprint – twin cylinders 500cc up to 650cc**

Machines not catered for in the above classes, may be allocated an appropriate class at the discretion of the club.

PRESENTATION NIGHT

End of year championship trophies will be awarded 1st, 2nd, 3rd per class as indicated in the *POINTS SCORING CLASSES* section listed above. The George Carrick Memorial Class will be divided into Overall, and providing enough entries, throughout the championship, will also award 1st, 2nd & 3rd in 125GP, and 1st, 2nd & 3rd in Moto3.

Motorcycling Victoria together with Motorcycling Australia have granted permission for Hartwell Motorcycle Club to run the Hartwell Bucket Class with the Hartwell Junior (70, 85 and up to 160cc) classes together. Providing these two classes are run with a split start and split grid.

13's to under 16's are permitted to ride in the Bucket class on bikes complying with Hartwell Bucket rules and are permitted to start with the Bucket riders.

Riders under 13 may not start with the Bucket class.

Hartwell Motorcycle Club Seniors Meeting – September 11 and 12.

The Hartwell Seniors meeting will again be held at the State Motorcycle Sports Complex at Broadford in September. The meeting is run as an interclub and will be open to all competitors that are 45 years of age and older. The meeting format is run differently to the Hartwell Club Championships. There is a bike class race, and age race and an age

plus your bike age race. It is usually split into various capacity groups to make racing a little more competitive. Sidecars are also a part of this meeting and we encourage our three wheeled bikes to come and enjoy this great event. Supplementary regulations will be available closer to the event.

Hartwell Endurance meeting – October 9 and 10

Our last road race meeting of the year will now be an endurance meeting at the State Motorcycle Sports Complex at Broadford. This meeting will be run as an interclub meeting. The details to this meeting will be available closer to the event

General Information: the Hartwell club are always pleased to hear from our members. If you have any suggestions or comments please don't hesitate to call, email or approach any one of our committee at any time.

Covid 19

Due to the ever changing restrictions enforced upon us due to the covid virus we will be adhering to current rules as they are presented to us and note that they may change from venue to venue and at times day by day. We will keep you updated as best we can but at a very minimum **please bring your own pen, hand sanitiser, mask and be courteous and conscious where social distancing is concerned.**

Most importantly if you feel unwell please do not come to the venue.

2021 SERIES GUIDELINES
